

Become a class  
representative!

# What is the Student Democracy (SDSN)?

SCAN ME

# What do the class representatives do?

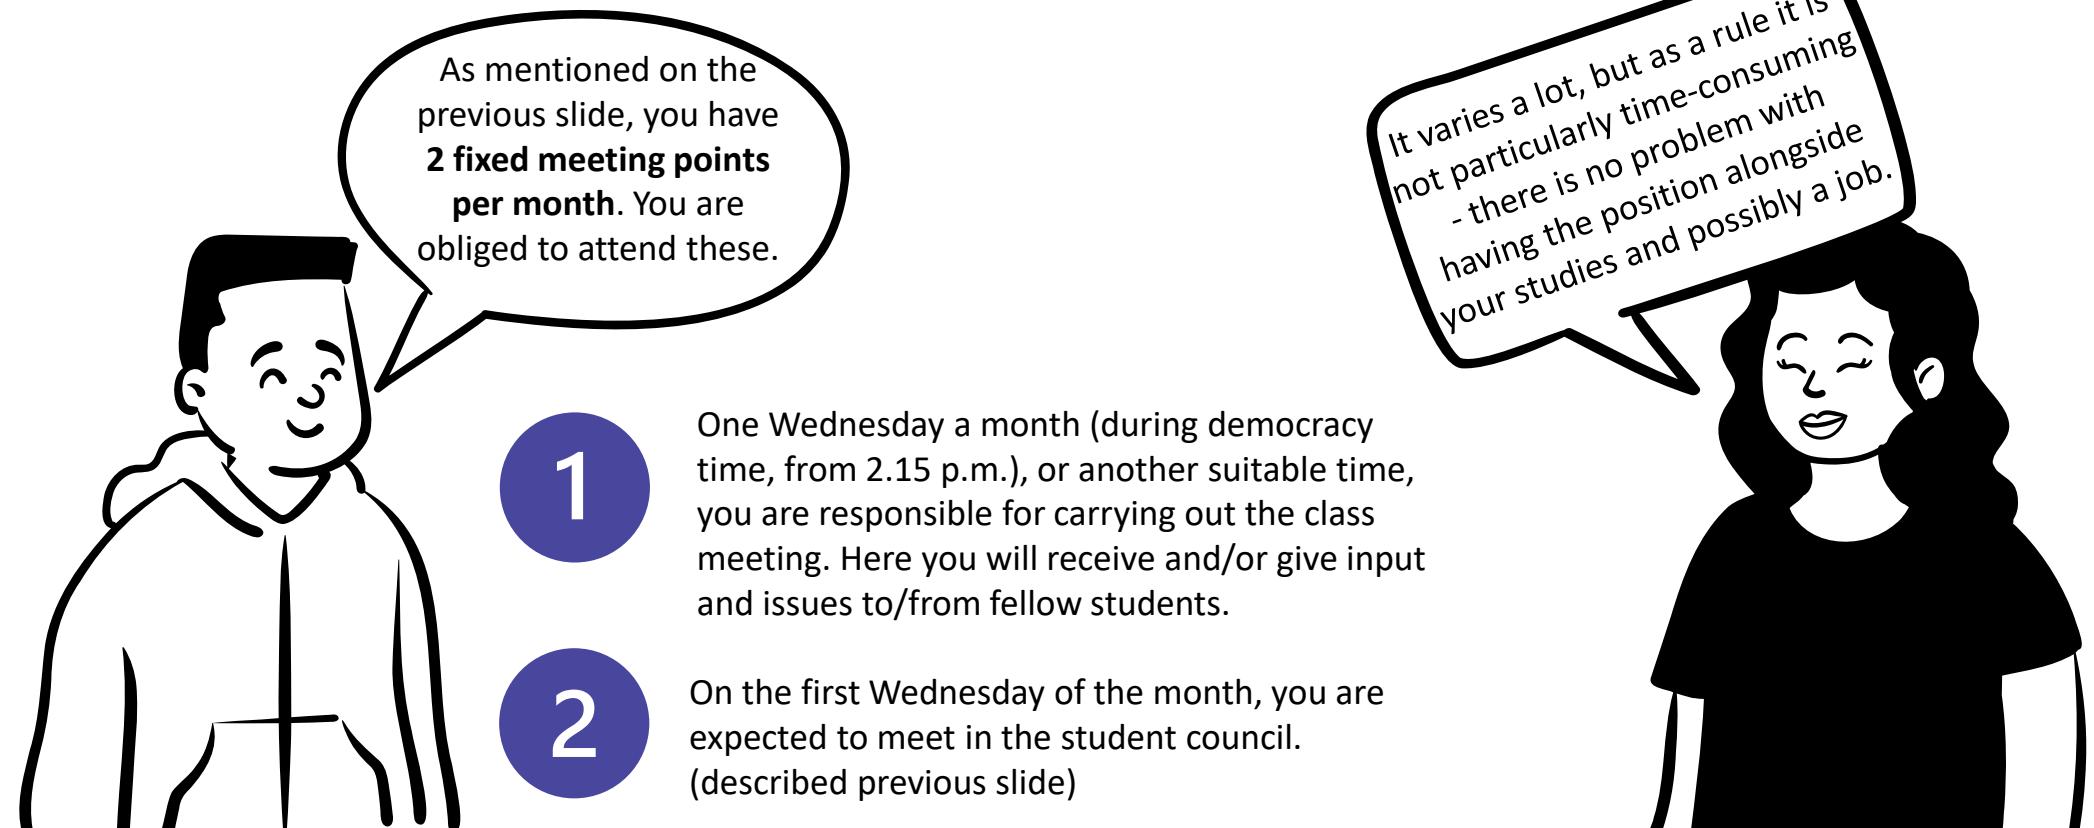

- 1 I represent the class in meetings with USN, which means that I am dependent on the opinions of my fellow students in various matters.
- 2 I collaborate with several people such as: lecturers, course supervisors, study advisor and other student representatives for a better study day academically and socially.
- 3 Specifically, in SDSN I am the class's voice in student council meetings. Here I am together with the other class representatives in my faculty, we raise matters for discussion and information - this is to see if others in the faculty have the same problems as my class.

# Why should I become a class representative?

## ||

# How much time does the work require?

- 
- As mentioned on the previous slide, you have **2 fixed meeting points per month**. You are obliged to attend these.
- 1 One Wednesday a month (during democracy time, from 2.15 p.m.), or another suitable time, you are responsible for carrying out the class meeting. Here you will receive and/or give input and issues to/from fellow students.
- 2 On the first Wednesday of the month, you are expected to meet in the student council. (described previous slide)
- It varies a lot, but as a rule it is not particularly time-consuming - there is no problem with having the position alongside your studies and possibly a job.

# Will there be any help or training?

There will be one training session

There will be a Joint digital training with all class representatives on USN's eight campuses

# I was elected – what now?
